Dorian's favorite way to start the day is with a couple of breakfast burritos from McDonald's! An afternoon filled with bumper cars, visiting the park, and bicycle riding elevates his mood. Car rides make Dorian smile, especially when listening to his favorite tunes on the radio and boogying along.

This polite and curious child attends an ungraded classroom and enjoys numbers and geography.

A home in which Dorian can be the oldest child is preferred. Financial assistance may be available for adoption-related services.

This is a LEGAL RISK ADOPTIVE PLACEMENT.

For families outside of Utah, only those families who have a completed homestudy are encouraged to inquire.
