

Martie,
age 12

Martie is a personable child who loves to joke around with others! Artistic and musical, she can often be found making art or singing. If you want to satisfy Martie's stomach, take her out for a cheeseburger and Coke. Her favorite color is purple.

Martie is a fifth grader who gets along great with adults and interacts positively with peers.

The caseworker prefers a home in which Martie can be the youngest child; however, all family types will be considered. Financial assistance may be available for adoption-related services.

For Colorado children, homestudied and non-homestudied Colorado families are encouraged to inquire; only homestudied families from out of state should do so.

For more information about Martie or other waiting children like her, please view our Children's Gallery at www.adoptex.org
